WE NEED THEM.
A Few Thoughts as to the Necessity Here For Street Cars.
Greensboro is growing. This proposition is patent to all.
And she deserves to grow. No one will question or deny this.
She has unsurpassed railroad facilities. Everybody knows this.
Geographically, no city in the state can boast of a finer location.
Her educational advantages—unsurpassed by none.
Religious and moral sentiment—on the upgrade.
Splendid churches—and more being built.
Manufacturing enterprises—prosperous, and plenty of room for more.
A growing sentiment in favor of better streets and country roads.
A movement on foot for the establishment of a city park.
Merchants—live and hustling firms in all branches of mercantile business.
Wholesale dealers in hardware, shoes, dry goods, groceries, drugs, etc., and more wholesale enterprises in contemplation.
All these and more may be mentioned with pride. With a population of 12,000 or more, and her prospects for a continual rapid growth it is high time the matter of building an electric street railway system was being considered in all sincerity and earnestness.
Would it pay? Yes, eventually.
With four colleges—two white and two colored in the suburbs and the desire for residences out and away from the business part of town there is a splendid opening here for the establishment of a street car system.
It would help the city to grow. It would increase the demand for outside building lots—and what would help the property owners in this respect would also make business for the street cars.
On commencement occasions and occasions of special entertainments at the colleges the street cars would be crowded.
Establish a park and a car system and every evening in the summer many people will spend a dime who now stay at home and swelter because they have nowhere to go and no way to get there.

READY TO ATTACK MANILA.
Insurgents Confident of Success— Rebels Strongly Entrenched.
New York, July 14—A copyright dispatch to the World from its Manila correspondent dated July 9th, says: "I have just returned from a complete tour of the insurgent lines south of Manila, going to the trenches within two hundred yards of the Spanish lines. I found the rebels strongly entrenched. There are 1,300 before Malate ready to attack when ordered. They claim that they can take Manila, and that plans are perfected for attack, the 10th, on all sides of Manila.
They predict success, and are assured the Spaniards are growing desperate. Reports show a strong sentiment favorable to surrender to the Americans, but all favor fighting the rebels, and if the insurgents attack tomorrow it will probably result in great loss of life to both sides. There are only two German warships in the harbor. Two others are supposed to be in the vicinity.

An Excursion Terminus.
Greensboro is fast getting up a reputation as a terminus for excursions. Hardly a week passes that there is not one or more excursion parties here. There are several reasons for this. Greensboro is a growing city. Her merchants believe in advertising. They are liberal and they offer inducements to people to come here and purchase goods. People come here for various reasons. They come to buy goods, to see the improvement that is being made, to sell produce, to investigate the school advantages of the city and the openings for business enterprises. They often take advantages of low rates offered by excursions to do this. And they always find a hearty welcome.

Overlooked.
The Progressive Farmer brings to public attention a pleasant fact—this: "North Carolina newspaper men have been so busy keeping up with Tar Heel heroes in actual battle that it seems they have overlooked the fact that a North Carolina boy, Wm. P. Wooten, graduated third in a class of fifty-seven at West Point this year."

WATSON WILL GO TO SPAIN?
Will Try to Draw Out Admiral Camara's Fleet.

THE NEWS OF THE SURRENDER.
Received Aboard the Ships of Admiral Sampson's Squadron -- Was Ready For Action.
By Cable to THE TELEGRAM.
With the Fleet, off Aquadorea, July 14—The news that Santiago had surrendered reached here at 3 o'clock this afternoon. The end came swiftly and unexpectedly. The Santiago campaign was one in which all expected a brilliant record to be made for splendid derring.
The slaughter was believed by many officers of high rank to be just commenced. The refusal of the Spanish to surrender was so emphatic and so resolute that all had entirely forsaken the idea of a peaceful end. All looked forward to a fierce and terrible struggle, which was to begin at noon today.
That the city's fortifications were strong and the occupants were brave all knew. Admiral Sampson's officers all looked forward to the bloodiest engagement of the campaign and when the report came that General Toral had surrendered Admiral Sampson and his officers could scarcely credit it.
As the hour of noon appointed the steamer Hist steamed close in shore awaiting the signal from General Miles to begin the attack. As one and two o'clock passed great excitement was manifested on the fleet. A few minutes after two the Hist under a full head of steam dashed toward the flagship and displayed signals as she passed onward.
The Oregon, the first in line, made out the signal to mean that the enemy had surrendered. Then cheer after cheer burst from the officers on deck which were picked up and echoed time and again by the other vessels of the fleet.
The surrender of General Toral came in the nick of time as Admiral Sampson was in position to drop shells every two minutes in the heart of the city which would have undoubtedly demolished it before night.

AT SANTIAGO TODAY?
Santiago de Cuba, July 15—Only a part of the army is now in the city of Santiago. The main body will not, according to the present plans of the officials, enter the city, but just a sufficient number to preserve order, also the sick and wounded.
While peace reigns high the commission is preparing and arranging the terms of capitulation. This commission is composed of British Consul Robert Mason, General Tolan and General Toral's chief of staff for Spain, Generals Wheeler and Lawton and Captain Miley for the Americans.
The American army is almost beside itself with joy over the surrender. Cheer after cheer and other noisy demonstrations are being indulged in. The men are now able to rise in their trenches without feeling the breath of Spanish bullets.
It is said that the surrender of General Toral was just in time. In another half hour the bombardment would have commenced.

TO DRAW OUT CAMARA.
Washington, July 15—Commodore Watson will sail for Spain in less than a week. The plan of action contemplates an attack on some Spanish port in order to draw out Admiral Camara's fleet.
Camara is expected to reach Cartagena by Sunday when he will most probably send out scouts to watch for the American squadron.

PLANS OF PROCEDURE.
The naval board has arranged the following plans of procedure: Colliers under convoy of the auxiliary cruiser Yankee will be formed at a point not far from the coast of Spain. The squadron will communicate freely with the home government and the cruisers Minneapolis and Columbia will be used as dispatch boats for this purpose.

John Knows a Good Thing.
Great Britain has the most powerful navy in the world. Untold millions have been spent in its building, and the best brain of the island kingdom has been devoted to its improvement. Yet, impressed with the behavior of the American navy and openly acknowledging the superiority of its methods, the British admiralty has taken steps looking to the adoption of the American system of gunnery and open sea target practice. The accuracy of the fire of the fire of the American gun is the wonder of the world. Des Moines Leader.

Prosperity in the South.
The establishment of a vast steel industry at Birmingham, Ala., marks a new era for that wonderful region of raw material. The starting of such an enterprise at this time is especially auspicious. It bespeaks the prosperity not only of Birmingham and Alabama, but of the whole country. It reveals the fact that the people of this great country regard the war with Spain as a mere "incident" which should in no degree affect the even tenor of business.

ROYAL DECREE PUBLISHED.
Practically Martial Law Declared in Spain.

THE CARLISTS ARE FURIOUS.
Public Decree Accepted as Meaning That Spain is Ready to Begin Peace Negotiations.
By Cable to THE TELEGRAM.
Madrid, July 15—The Official Gazette today published the Royal decree suspending throughout Spain the rights of individuals as guaranteed by the constitution.
The decree adds that the government will render an account to parliament of the use it may make of this measure.
The publication of the decree is generally accepted as being convincing proof that the government of Spain is now ready to sue for peace, and also that negotiations to that effect are actually in progress.
The government wishes to have full power to suppress all evidences of a rebellion. The Carlites are furious and are sure to attempt to make trouble.
One official has expressed his conviction that official overtures will be drawn before Sunday.
There is every reason to believe that France has offered her services to Spain. Premier Sagasta says Spain wants peace but it must be honorable peace, as Spain desires and is anxious to resist to the last but the government cannot consent to useless sacrifice. Had we our fleet the situation would be different.

THE SUBO BAY INCIDENT.
Said to Have Been More Serious Than At First Reported.
London, July 15—The Daily Mail, Hong Kong correspondent cables that it is "now known here that Admiral Dewey requested the correspondent at Manila not to give the full story of the Irene incident, for fear of arousing feeling in America which might lead to complications with Germany."
When the full details became known it would be seen that the incident was more serious than it first appeared to be. As soon as the American ship came on the scene of action in Subo Bay the Irene slipped her cable, leaving her anchor in the bay. American Consul Wildman refuses to say more than this, taking the same line of policy as Admiral Dewey. It is believed by those who know Admiral Dewey that on the arrival of the monitors Monterey and Monadnock, he will insist upon his harbor regulations being carried out to the letter. The opinion among the foreigners at Manila is that the Americans will never forgive the Germans for their meddling attitude in the Philippines. It will not only hurt Germany's chances of having a hand in the disposal of the Philippines, if they should become American property.

A SUMMARY.
All Hail to the American Army and Navy.
All hail to the American army and navy! The work which they have accomplished, the victories which they have won, are unparalleled in the history of war. They have destroyed two fleets of warships with an attendant loss of 900 lives, and have captured a Spanish stronghold, together with a large section of Spanish possessions and a Spanish army of 12,000 men.
These naval victories were accomplished at a loss of only one man and of not a single ship. The surrender of Toral and his army, with a large section of Cuba, was secured without a great battle, though in the fighting in advancing his army upon Santiago General Shafter lost 250 men killed, while the Spaniards lost 1,000.
The net results of the war to date are overwhelmingly in favor of the United States and may be summed up briefly as follows:
The United States have lost 251 men and no ships, and have no men taken prisoners.
Spain has lost two squadrons of 19 vessels, 1900 killed and over 12,000 taken prisoners.
And the end is not yet.—Charlotte Observer.

THE SURRENDER.

Santiago de Cuba has fallen. The Spanish flag was hauled down before a victorious American army. The news of this, another step toward peace between Spain and the United States, was printed in our news columns yesterday afternoon in an almost incredibly short space of time after the surrender. The victory is more complete because the terms were dictated by the United States.

Not only did the Spanish command-er give up the city of Santiago, but evidently realizing that the cause is a hopeless one he surrendered his whole army and the whole section of eastern Cuba under his command embracing a territory of several thousand square miles—said to be about 11,000 square miles, with 150,000 inhabitants and contains the cities of Santiago, Guan-tanamo, Baracoa and Sagua-de-Tan-amo.

The section surrendered is one of the richest in the island. The exact number of Gen. Toral's forces is not known, but it is estimated from 10,000 to 20,000. As to the effect of yesterday's surrender, as viewed abroad we give the following notes of comment by London papers:

The Morning Post, commenting upon the surrender of Santiago, says it will open the eyes of Spaniards to the fact that the continuance of the war is to no practical purpose, and will cause the army in Havana to consider whether there is reasonable prospect of their defence ending otherwise than did Gen. Toral's.

It is merely a question of time, the Daily News says; surrender may mean the end of the war. The strategy of the president's professional advisers has been justified and the result is most important of them, being the avoidance of unnecessary slaughter. The government has used its immense power with a full sense of its responsibility and with due regard to humanity. Generals of the United States army may not be men of military genius, but they deserve the utmost credit for their prudence and consideration. The next step must be taken if it has not been already taken, at Madrid.

The Chronicle lauds McKinley for conducting the war on humanitarian principles. The surrender, it says, strikingly justifies his action. Adverse criticism henceforth will do well to remember that he is probably much better informed as to the possibilities and probabilities than they. For all practical purposes there only remains Havana. What happened in Santiago in July will happen there in October unless it previously surrenders. Peace negotiations cannot be much longer postponed.

The Daily Mail says that as success after success crowns American arms, conditions of peace will grow onerous. The paper asks: "Cannot Prime Minister Sagasta see that the true interest of Spain lies in an immediate termination of hostilities?"

The Standard says the departure of the United States from the peremptory line by allowing surrender on conditions is encouraging as a symptom of growing disposition to end hostilities in a manner which will not deal a superfluous blow to the pride of the weaker combatant.

The Telegraph says that the under-

taking of the Americans to convey Toral's troops to Spain is equivalent to the Spaniards marching out of the city with all the honors of war. It adds that the most sensitive military pride may well be satisfied with this tribute of respect. Peace cannot be far off.

Oh, take me to my home again;
My home across the sea in Spain,
Said Toral to Shafter.

I'll take you, but there you must always remain,

And always—forever, remember the Maine!

Said Shafter to Toral.

When the returns are all in—if they ever come—and it is found that there were no more Spaniards killed in the recent scrap at Santiago than there were Americans it will be written in history that the ability of the Spaniards to endure punishment by far outclasses John L. Sullivan in his palmist days.

When Shafter got his big guns planted on the hill tops and trained on the Spanish trenches, which was accomplished before noon yesterday, the time had arrived for the truce business to end. The order was given—surrender or fight. And in spite of the command from Madrid to resist to the death, Toral had the good sense not to fight.

THE SIGN CAME DOWN

And the Chaplain Resigned Himself to His Fate.

Army chaplains occupy a peculiar position. While officers, in a way, they are not hedged about with that divinity that doth hedge a man wearing shoulder straps. In consequence the men in the ranks often bother the chaplains with question they dare not ask the commissioned officers.

While Thomas was hiding behind the trenches in and about Corinth his men became very anxious to know when the division would move out and take the initiative. They did not dare question their officer but they did ply their chaplains with questions. The chaplain of an Illinois regiment had been annoyed by repeated questions as to when the regiment would move and finally decided upon a plan to head off the questioners. Securing the top of a hardback box he printed the following and stuck it up in front of his tent:

The Chaplain Does Not
Know When The
Regiment Will Move.

He thought this would save him further annoyance, and retired at night with the determination of having a good night's sleep. The next morning he stepped from his tent and was astonished to note that his sign had been altered. It read as follows:

The Chaplain Does Not
Know When The
Regiment Will Move
Neither Does He Care A
D—n.

The sign came down with a rush, and the chaplain resigned himself to answer all questions touching the probable movement of the regiment.—Omaha World-Herald.

LAST DAY TOGETHER.

Address to Troops By Col. Burgwyn.
A Slight Change.

Following up yesterday's news about the disposition of the Second Regiment we take the following from the News and Observer this morning:

During the day all doubt had been set at rest and all hope of keeping the regiment together had been dispelled. The orders to move had come and the companies selected to go knew it was their last day in camp.

After the parade was over and the band had played "Dixie" and received the never-falling cheers of the spectators ranged down the length of the grounds, Colonel Burgwyn, faced the regiment to address his parting words to the companies ordered away. Colonel Burgwyn said:

"I am very sorry that this is the last time I shall have the pleasure of reviewing you all together, for some days at least. I am sure that wherever you may go you will behave yourselves as becomes soldiers and North Carolinians."

After the parade the soldiers returned to camp and mingled with the crowd of civilians to say good bye to acquaintances.

The orders to move made some slight changes in the assignment of companies. The official order was as follows:

"Atlanta, July 14.

"To Commanding Officer, Camp Dan Russell, Raleigh, N. C.:

"The following changes of station were ordered today:

"Major Wilder and Husk's Company A to Tybee Island, Ga.; Major Cotton and Jones' Company C, and Jeffrey's Company I, to St. Francis Barracks, Fla.; Gray's Company D, to Land's End, near Port Royal, S. C.; Cobb's Company F, and Cooper's M, to Fort McPherson, Ga. Companies to take all property and equipments including tentage and necessary rations. Transportation will be furnished by the chief quartermasters. Troops to be moved at once as soon as transportation is ready. Acknowledge receipt.

"By Command
"Brig. Gen. Pennington.

"Hall, A. A. Gen."

Date of Sailing Fixed.

San Francisco, July 13—Maj. Gen. Otis has practically finished his plans for the second half of the fourth expedition. The three vessels comprising it will sail from this port on the 25th instant. The bulk of the Third brigade has been selected to go.

Col. Berry, commanding the Seventh California, and Col. Kessler, commanding the First Montana, have been notified by Gen. Otis that they will sail on that date. The rest of the expedition will be made up of either the South Dakotas or the Fifty-first Iowa troops, with the South Dakotas given the preference. Gen. Otis, now commanding, will be in charge.

Persons troubled with diarrhoea will be interested in the experience of Mr. W. M. Bush, clerk of Hotel Dorance, Providence, R. I. He says: "For several years I have been almost a constant sufferer from diarrhoea, the frequent attacks completely prostrated me and rendering me unfit for my duties at this hotel. About two years ago a traveling salesman kindly gave me a small bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy. Much to my surprise and delight its effects were immediate. Whenever I felt symptoms of the disease I fortified myself against the attack with a few doses of this valuable remedy. The result has been very satisfactory and almost complete relief from the affliction." For sale by C. E. Holton.

When the second Philippine expedition arrived at Honolulu General Greene landed his twelve hundred Colorado troops and marched them nine miles to Waikiki for a swim in the surf. The procession was accompanied by a large delegation of the islanders, including many ladies, and there was, therefore, some embarrassment when it was found on arriving at the beach that there were but two hundred bathing suits for the entire command. President Dole thereupon sent back to Honolulu for 1000 towels, which arrived within a few hours and were used as improvised breech-clouts.

CALDWELL FOR CONGRESS.
The Populist Nomination Yesterday
in the Seventeenth.

M. H. Caldwell, of Concord, was
yesterday nominated by the populists
in the Seventeenth district for congres-
sional honors. He will be endorsed
by the republicans. This is regarded
as a Butler defeat, as he was interested
in Shuford's nomination. Shuford was
defeated by a majority of 13.
Morrison H. Caldwell was nomina-
ted on the first ballot. Vote: Cald-
well, 75 2-5; Shuford, 60 3-5. Much
canvassing was done. Shuford had
no showing for the lead at any time.
Caldwell is said to be the choice of a
majority of the republicans of the dis-
trict.

THE OFFICIAL REPORTS.
The Dispatch Received by General
Greely.

Washington, D. C., July 14—"San-
tiago surrendered at three," is the
significant official announcement that
reached the president at 3:06 this after-
noon. It came in a dispatch from a
signal service official at Playa del
Este and told the result of the meeting
of the capitulation commissioners in
the most brief and concise form of any
of the numerous dispatches laid before
the president during the day. The
dispatch was well ahead of the official
message from Shafter. Santiago time
is 55 minutes ahead of Washington,
which accounts for the quick receipt
of the result, the commissioners not
meeting until 2:30. A few minutes
after this message had come to the
president the following was received
by Chief Signal Service Officer Greely:
"Playa del Este
"General Greeley,
"Washington, D. C.
"Santiago has surrendered.
(Signed) "Jones."

FROM GEN. MILES.
Washington, July 14—The war de-
partment has received the following
dispatch from Gen. Miles written ap-
parently before the final surrender of
Santiago at 3 o'clock:
"Playa del Este, July 14.
"Secretary of War, Washington.
"Before Santiago, July 14—General
Torral formerly surrendered the
troops of his army—troops and divi-
sion of Santiago, on the terms and
understanding that his troops shall
be returned to Spain. General Shaf-
ter will appoint commissioners to
draw up the conditions of arrange-
ments for carrying out the terms of
surrender. This is very gratifying
and General Shafter and the officers
and men of this command are entitled
to great credit for their gallantry and
fortitude in overcoming the almost in-
superable obstacles which they encoun-
tered. A portion of the army has
been infected with yellow fever and
efforts will be made to separate those
who are infected and those free from
it and to keep those who are still on
board ship separated from those on
shore. Arrangements will be im-
mediately made for carrying out further
instructions of the president and
yourself.
(Signed) "Nelson A. Miles.
"Major General of the Army."
FROM GEN. SHAFTER.
Washington, D. C., July 14—The
Adjutant General received the follow-
ing from Playa del Este this after-
noon:
"Adjutant General, Washington.
"Have just returned from an in-
terview with General Torral. He agrees
to surrender upon the basis of being
returned to Spain. This proposition
embraces all of Eastern Cuba from
Asseradero on the south to Sagua on
the north via Palma with practically
the Fourth army corps. Commission-
ers meet this afternoon at 2:30 to de-
finitely arrange the terms.
(Signed) "W. R. Shafter,
"Major General."

Our baby has been continually
troubled with colic and cholera infantum
since his birth, and all that we
could do for him did not seem to give
more than temporary relief, until we
tried Chamberlain's Colic, Cholera
and Diarrhoea Remedy. Since giving
that remedy he has not been troubled.
We want to give you this testimonial
as an evidence of our gratitude, not
that you need it to advertise your mer-
itorious remedy.—G. M. Law, Keokuk

The American Tract Society is mak-
ing arrangements to place a Spanish
primer and New Testament in the
hands of every Cuban family at the
close of the war. The organization
already has more than four hun-
dred publications in the Spanish lan-
guage.

During the recent newspaper famine
in Chicago those of the newboys who
handled outside publications made
small fortunes. The Washington
Post says that Klondike prices were
commanded by Kansas City and other
papers; that the regular price was 25
cents, and that fifty cents and a dollar
were often obtained. Many of the
newboys made from \$25 to \$50 in a
few days.

What It Means.
When we advertise that we will
guarantee Dr. King's New Discovery,
Electric Bitters, Bucklen's Arnica
Salve, or Dr. King's New Life Pills,
it means that we are authorized by
the proprietors to sell these remedies
on a positive guarantee, that if pur-
chaser is not satisfied with results, we
will refund the purchase price. These
medicines have been sold on this guar-
antee for many years and there could
be no more conclusive evidence of
their great merit. Ask about them
and give them a trial. Sold at C. E.
Holton's drug store.

Reidsville 8; Greensboro 7.

The Greensboro boys came back from Reidsville yesterday covered with sweat instead of glory. The boys said they did their best, but Reidsville beat them. However it was a close game and the boys were not badly beaten. After the seventh, when the game ended, the score stood 7 to 8 in favor of Reidsville. Our boys liked the way the Reidsville team treated them—they felt at home.

This makes a tie between the two teams. The third game will be played shortly.

The entire line of \$2.50, \$2 and \$1.75 ladies' cloth and fancy vesting top Oxford ties, at Thacker & Brookman's have been reduced to the uniform price of \$1.50 a pair.

Congressional Convention.

A convention of the democrats of the Fifth Congressional district of North Carolina is hereby called to meet at Greensboro on Thursday, 21st day of July, 1898, to nominate a candidate for congress for said district and to select an executive committee and for such other business as may come before the convention.

By order of committee:
 John N. Wilson, Chairman.
 A. L. Brooks, Secretary.

Blockaders From The Mountains.

Fifteen Federal prisoners were brought here today from Asheville. They will be kept in jail here a short while before being taken to the Federal prison at Raleigh. All but two of the men were convicted for illicit distilling at the last term of Federal court at Asheville. When the jailer saw what seemed to be an endless chain of rough looking mountaineers coming in at the jail gate and thought of the enormous amount of "grub" they would consume and the small supply he had on hand, he immediately sent out rush orders for more. All the men were at last fed and the jailer sat down to rest again. When the men were searched three barlow knives and one match case was all that could be found. They range in age from twenty to sixty years.

Swell Footwear For Men.

Our new line of men's \$3.00, \$3.50, \$4.00 and \$5.00 shoes are swell styles. Ask to see them. S. B. Norris Manager Carolina Shoe Co.

No Meddling.

In the present temper of the American nation it is as certain as anything can be that any proposition looking to a European "congress" to pass upon the terms of peace between the United States and Spain will not be considered for a moment. This country is not reduced to the condition of Turkey. We are not in the habit of taking orders from any one. We are not going to begin at this time of all others. Certainly we are not going to allow the vultures of Europe to gorge themselves upon our victory—Chicago Chronicle.

ALL persons are hereby forbidden to make any accounts against me without my consent.

They Got The Watermelons.

A colored excursion from Madison to Wilmington passed here at 10 o'clock this morning. There were about one hundred and twenty-five of the "colored population" of the country between here and Madison on board who were "jes gwine down to see de ocean." The train came near leaving here without the one thing which is absolutely essential to insure the success of the colored excursion and without which the excursion would have proved a failure. Capt. Donnell, knowing this stopped the train near the ice factory and let the refreshment car man get a load of Clegg's watermelons. Perhaps the genial conductor had an eye on one of the larger melons.
